EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

a) In the Title:

Replace title with: --Method of Manufacturing Semiconductor Memory Device Including One Step of Forming Exposing the Surface of the Select Transistors while not Exposing the Surface Cell Transistors--

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: in claim 1, lines 6-7, forming the channel regions by ion implantation, and lines 8-13, exposing the surface of the select transistors while not exposing the surface above the cell transistors, and forming the gate insulating film of the select transistors on the exposed surfaces of the substrate can not be found in the prior art of record. The prior art of record neither anticipates nor renders obvious the claimed invention as a whole.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
